

Product Feature

Event Management

RFPs in clicks, not weeks

We've run thousands of freight RFPs & have streamlined it down to a science.

Templates for easy use

Use our lane & event templates to speed things up or customize your own.

Modern interface

Become an RFP pro in minutes with clear step-by-step guidance on getting the most out of your RFP event.

The screenshot shows a software interface for managing events. At the top, there's a navigation bar with tabs like 'Lanes', 'Events', 'RFIs', and 'Participants'. A prominent blue button on the right says 'Upload Event Lanes'. Below the navigation, there's a section titled 'Event & Round Info' which is currently 'Ready'. It includes fields for 'Event Name' (set to 'Annual OTR Event'), 'Event Mode' (set to 'TL/IMDL'), 'Est. Award Date' (set to 'July 1, 2024 09:00 MST'), 'Contract Start' (set to 'July 1, 2024 09:00 MST'), 'Contract End' (set to 'July 1, 2024 09:00 MST'), 'Round 2' (with 'Bidding Start' at 'July 1, 2024 09:00 MST' and 'Bidding End' at 'July 30, 2024 09:00 MST'). There's also a 'Add Documents' button. To the right, there are sections for 'Event Details' (Ready, with 'Event Instructions' and 'Event Documents'), 'Event Settings' (Ready, with 'Instruction Acceptance', 'RFI', and 'Gating Document'), and 'Drayage' (with 'Collect'). On the far left, there's a sidebar with 'Acceptance' (off), 'Document' (off), 'RFI Document' (off), and 'Award Response Deadline' (off). At the bottom, there's a section for 'Annual OTR Event Round' (Round 1) with fields for 'Bidding Start Date' (MM/DD/YY) and 'Estimated Award Date' (MM/DD/YYYY). The overall design is clean and modern, with a light blue and white color scheme.
